

LITE BOAT

LiteRACE 1X

The reference in coastal rowing boats, designed for the practice of competitive coastal rowing, the LiteRACE 1X has won numerous medals (French Championships in 2017 & 2021, World Championships 2018). Both thin and stable, its hull ensures exceptional glide. The design by Sam Manuard brings the assurance of a fast and stable boat, including on rough waters. This boat has bulkheads and transverse reinforcements which make the structure extremely rigid. Designed for athletes and competitors, this boat meets FISA specifications and standards, complies with regulatory gauges.

Carefully handcrafted in the French alps

Liteboats are the result of hours of dedicated work by our passionate team. Each boat requires more than 100 stages, and expert workers. From the gelcoating to the carbon layers cutout, from the polishing to the last sticker applied, we take care of every detail to provide you with a perfect high-quality boat.

ACCESSORIES

While the seat and the rigger are included with your boat, Liteboat offers different accessories that are advised to get started.

▶ [MORE INFOS ON THE WEBSITE](#)

Oars (sculling & sweep)

We offer high quality oars, made in Europe with carbon fibers, fiberglass & epoxy resin, to provide stiffness, resistance, and lightness. Two versions are available.

- **Standard:** light (1550g) and stiff, for rowers in good physical condition who want to train and compete.
- **Recreational:** more flexible, for less intense physical activity.

Two sections carbon sculls

Portable, lightweight carbon rowing sculls for space-saving transport with a length of 1.75 m (69") when separated, assembled length: 2.92 m (115"). Separated using double push-in ball locks. They offer skin compatible synthetic handles and sleeve with adjustable clamping ring.

Weight per oar: 1.5 kg (3.3 lbs) | Bag dimensions: 16 x 24 x 175 cm (6" x 9" x 69")

Riggers & sculls bags

We offer two types of bags to protect your riggers, and your sculls from scratches during transportation and storage. These bags are made of strong padded Nylon Ripstop.

Rigger bag fits one rigger with oarlocks mounted | **Sculls bag** fits two sculling oars.

Launching trolley

Anodized aluminum launching trolley, which can be disassembled. Makes launching easy, with big wheels to pass obstacles on the shore. Can go in the water to launch your boat alone.

With telescopic draw bar, easy to set. Length folded: 120 cm

Trail trolley

Foldable travel cart to easily transport your boat, for the day or for your adventures. With removable wheels, easy to fold and store on the rear net of your boat.

Anodized aluminum with protective rubber | Large foldable double crutches | Supplied with 2 tightening straps | Puncture-proof PU foam wheels diam. 25cm | Bag: 80x30cm | Weight: 3.8kg | Max load: 50kg

Boat cover

A cover is essential for protecting your Liteboat against the effects of the sun and UV, during storage or transportation. We offer dedicated covers for each model, in one or two pieces, fitting the boat with a possibility to let the riggers on.

Fabric : Ripstop Nylon (+bag included). Not available on LiteDUO, LiteRACE 2X, 4X & LiteQUATTRO

Adjustable shoes

Rowers no longer have to put up with shoes that are either too big or too small! We offer shoes in two size ranges, Small (EU size 40 – 45 and US 7 – 12) and Large (EU size 43 – 48 and US 10 – 15). The external parts of the shoes are molded in a tough EVA foam so they can be washed and kept clean and hygienic. They can also be wiped dry before use if they get wet.

Mirror

The rower is facing backwards. To help see where you are going, Liteboat offers a mirror that you can place on the back of your boat with a suction cup.

RAM mount made in USA, orientable with ball joint.

Large hatch

Large hatch (190mm diameter) to access the internal space, for equipment storage.

Not available on LiteRIVER

Folding trestles

Foldable trestles for your boat, easy to store when folded. It's the perfect accessory to setup, wash or store your boat. Aluminium frame with foam padding on the top to prevent any scratches.

Mounted dimensions: Width 76cm-30" | Height 72cm-27" | Depth 46cm-18"

Carrying handles

These two optional handles will be fixed at the back of the boat to allow people to carry their boat more easily, with two or three people. It's ideal for your adventures when you will need to get your boat out of the water for passing an obstacle, or just to ease launching on a pontoon.
